2019 Membership Registration

WHAT IS MAA?

MAA was founded in 1971 as AIDA, a not for-profit organization composed of suppliers, marketers and fillers involved in all aspects of the aerosol industry. Our mission is to further educate and promote the viability of the aerosol package to our members and the general public by offering the information and ideas on technology, regulatory, marketing and packaging issues.

The MAA has a diverse mix of members allowing for a wide range of experience, expertise and ideas that can be exchanged between members and individuals involved in the aerosol industry. At our meetings, you will receive updates on the state of the aerosol industry, with an emphasis on the variety of issues that confront the aerosol package on a daily basis. Members can also attend discussions and presentations regarding ideas and suggestions for improving the way we do business.

The MAA holds an event in the spring; its annual golf outing in August; and its annual dinner meeting in November. Each offers an opportunity to interact with our wide range of members. **Please support your industry by joining today!**

WHAT DOES IT COST TO JOIN THE MAA?
